### THE FINE PRINT...

All packages are served family style and have a minimum number of people. Events are rated for the designated serving times on each package. The customer will be charged that minimum no matter what. If there are more people, they will be charged the prevailing headcount. Subject to availability we can host a non-private party for headcount's under the minimum with public access to the party room. We are not liable for weather or rain date change availability. 50% deposit is due upon booking the event. The remaining 50% will be charged the day of the event. Any cancellations must be done within 14 days of the event date. Cancellations can only be done with the party room managers. Please make sure you speak to a party room manager, and fully confirm that your party is canceled. Otherwise, the deposit is nonrefundable. Upon reading this, I fully understand the disclaimer and regulations of Gino's Back Room.
